Ladies News

The ladies league teams will be joining the Hampshire Leagues for the 2019-20 Season.

The Ladies 1st XI will compete in Hampshire Division 1 whilst the Ladies 2nd XI will play in Hampshire Division 2.

Both teams finished the 2018 -19 seasons with stylish wins, the 2nd XI, pictured opposite, winning the Channel League.

We are looking forward to new challenges in Hampshire League.

Men's Hockey News

LEAGUE INFO

Over the last few years WWHC has had a men's 1st XI that has performed at a very high level. The team achieved back-to-back promotions in the 2013-2014 and 2014-2015 seasons. They finished second in 2016-17, and then third last season in Hampshire/ Surrey Regional 2. This was an outstanding achievement, but this great run of continually good performances has unfortunately and regrettably ended rather abruptly.

It has been decided by the club committee to pull the club out of this high-level Hampshire / Surrey Regional League. This decision has been made because too many of the 1st XI squad have moved away due to changes in careers or other commitments. The club is unable to sustain a strong enough squad to continue playing at this high regional level.

This means that the Men's 2nd XI which competes in Hampshire Division 4 will effectively become the new Men's 1st XI. We will be looking for this squad to start the re-building process by committing to training and aiming for promotion at the end of the season.

The 3rd XI is now effectively the 2nd XI and will continue to be the development team, which has traditionally been a mix of youth and experience. They will continue to play in Hampshire Division 8.

New Hockey Club Kit.

The new playing kit has been ordered. Each player that pays their membership will receive their new playing shirt. Please see the website for membership information.
